4. Comment. Report again confirms the transfer to Potsdam of the 299th Gds Mort Regt of the 10th Gds Tank Div between 14 and 16 January. [redacted] Data on weapons and motor vehicle [redacted] in the present report furthermore indicate the transfer, presumably also to Potsdam, of the 359th Gds AAA Regt of the division. However, the light AAA of the regiment has 37 mm rather than 25 mm guns.
